

Ice Cream, Anybody?

At New York Yearly Meeting Summer Sessions, many Friends gather over ice cream, laughing and talking and sharing news. Will you join us for an ice cream, please?

Start by coloring your ice cream sundae. Include your favorite flavors, and add some toppings! You can do this any way you want: simple or complicated, with fancy art materials or just a pen.

Then, on the lines, write a letter to all of the Friends of New York Yearly Meeting. If you were sitting together having ice cream today, what would you say?

We will gather everybody's ice cream sundaes on the yearly meeting website. Scan yours (or take a photo) and send it to communications@nym.org. You're also encouraged to post it on social media—use [#nym2020summer](https://twitter.com/nym2020summer).
