

Advance Document
Belize City Friends Center

Oscar Mmbali and Adrian Bishop are traveling on behalf of Belize City Friends Center, a program of Friends United Meeting. Mmbali is a Kenyan Friend, a graduate in Theology from St Paul's College in Kenya, and has a PhD in Organizational Development from the University of Bangkok. He has spent the last six years before being called to Belize working on his degree and organizing community efforts to curtail human trafficking in Thailand. Adrian is a 'seasoned' Friend, having worked as a builder of structures and organizations. In his last position before retiring in 2016 he served as Meeting Coordinator for Baltimore Monthly Meeting, Stony Run. At this time he and his wife, Rosalie Dance, are working as FUM Living Letters, Quaker service volunteers to Quakers in Belize.

Mmbali and Adrian will be speaking of the peace-building work that FUM is supporting in Belize Friends School, and in the Belize City Friends Center.
